2008 ANNUAL REPORT
(GUIDELINE TO 2009 PROGRAMS)

FOREWORD

Dear friends,

Eleven deadlines, more than a thousand applications, several hundred approved projects and scholarships in eighteen countries, more than EUR 4.7 million spent and the launch of one new grant program.

If we spoke only in numbers, this is how the past year at the Visegrad Fund would be described. There is, obviously, much more to the activities of the Fund than numbers can tell. That is why I would like to ask you—in opening this Annual Report—to look beyond the numbers and picture the numerous, often grass-roots projects on local and regional levels that make up these statistics and stand behind Visegrad cooperation.

In February 2008 we launched the Visegrad University Studies Grant (VUSG) with the aim of supporting Visegrad in academia. The program offers funding for the development of university courses and programs in, but also outside, the region. Altogether 9 courses and 3 study programs in various disciplines were approved within the first deadline.

Also, we have successfully launched—and thanks to all of you also tested—our on-line application system, through which we currently manage all our programs (with the exception of the VUSG). This allows us to process more applications and saves us time and money (including costs of paper and energy), but most importantly it is hopefully a helpful tool for you, our applicants, guiding you through the application process and enabling you to access your account easily, quickly and from wherever you want.

Last but not least, I'm also happy about new additions to our team, especially my colleague, Linda Kapustová Helbichová, who assumed the duties of Deputy Executive Director in 2008.

Dear friends, I have been with the Fund for the past three years and I have had the chance to get to know our region and its peoples a bit more closely. It has been a wonderful time and an inspiring journey all the way. Of all that I have learned, one thing is very clear: although there are many different nations in this region, we have much more in common than may be evident at first glance, and definitely more than we ourselves sometimes want to admit. I was very happy to see that *Homo visegradicus* does exist!

I would like to take this opportunity to thank everybody with whom I have had the chance to work during my mission. I am grateful to the secretariat of the Fund and to my colleagues at the four culture ministries and the four foreign ministries, specifically the National V4 Coordinators and the Fund's Experts. I am especially thankful to my colleagues at the Slovak Ministry of Foreign Affairs, who provide the Fund with special care, with regard to its Bratislava seat.

Wishing you all good luck and also wishing us all—as citizens of Central Europe—ever more mutual understanding and more and more quality, joint projects, which have great potential to convince even hostile and frustrated people of the fact that only cooperation, tolerance, empathy and camaraderie can ensure long-lasting satisfaction and happiness.

ABOUT THE FUND

The International Visegrad Fund is an international organization with the seat in Bratislava, founded by the governments of the countries of the Visegrad Group (V4)—the Czech Republic, the Republic of Hungary, the Republic of Poland, and the Slovak Republic—on 9 June 2000.

The purpose of the Fund is to promote the development of closer regional cooperation by funding grant projects and by awarding scholarships and artist residencies. The main recipients of the funding are non-governmental, non-profit organizations in the region but also municipalities, local governments and individual citizens.

The Fund is the only organization of the Visegrad Group. Its annual budget of € 5 million consists of equal contributions of the respective governments of the Visegrad Group countries.

SMALL GRANTS

Small Grants are a vital part of the Fund's grant program; they are ideal for projects smaller in scope and shorter implementation (**up to 6 months**). With **4 annual deadlines** and easy, one-time financial settlement, Small Grants are often recommended to grass-root initiatives and to first-time applicants. Maximum funding supported as part of Small Grant projects is **€4,000**. Contributions from the Fund cannot exceed 50% of total project costs (including the applicant's own in-kind contributions or in-kind contributions of other entities).

Around 150 Small Grant projects are approved annually in the following categories: *cultural cooperation, cross-border cooperation, science and research, education, youth exchanges and promotion of tourism*.

DEADLINES: 1 March, 1 June, 1 September, 1 December
ANNUAL BUDGET: €512,000
IMPLEMENTATION: max. 6 months
WEBSITE: [HTTP://VISEGRADFUND.ORG/GRANTS.HTML](http://visegradfund.org/grants.html)
APPROVED PROJECTS: [HTTP://VISEGRADFUND.ORG/APPROVED.HTML](http://visegradfund.org/approved.html)

STANDARD GRANTS

Standard Grants are the Fund's oldest grant program, operating since the Fund's establishment in 2000 (more than 1,300 Standard Grant projects have been approved to date).

The amount of funding for each project within Standard Grants is **higher than €4,001** (the average allocated to projects approved in 2008 was around €9,000) and the contribution cannot exceed **50% of total project costs**. The longest possible period for implementation of Standard Grant projects is **12 months**.

Almost 250 Standard Grant projects are funded annually in the following categories: *cultural cooperation, cross-border cooperation, science and research, education, youth exchanges and promotion of tourism*.

Standard Grants open twice every year.

DEADLINES: 15 March, 15 September
ANNUAL BUDGET: €2,200,000
IMPLEMENTATION: max. 12 months

VISEGRAD STRATEGIC PROGRAM (STRATEGIC GRANTS)

The Visegrad Strategic Program was established just in 2005 to focus on priority topics closely connected to the foreign policy priorities of the Visegrad Group. Projects that apply for funding within Strategic Grants need to closely adhere to the priorities defined annually by the presiding country of the Visegrad Group (and posted on the Fund's website). This program is therefore recommended only to applicants who have already had grant experience with the Fund and who have had long-term cooperation with Visegrad partners. It is strongly advised for potential grantees to contact the Fund for consultations prior to applying.

Strategic Grants are reserved for projects in which **all four V4 countries** are represented.

So far 16 grant projects have been approved as part of the Strategic Grant program, with 7 projects approved only last year and with average approved funding of around €50,000 per project.

The implementation period for Strategic Grant projects is **12 to 36 months**. Funding from the Fund cannot exceed **50% of total project costs**.

2009 priorities for the Visegrad Strategic Program (see p. 20 for details):

- (1) *Sharing V4 Know-How with Neighboring Regions*
- (2) *Good Governance in the Public Sector*
- (3) *Building a Green Visegrad*
- (4) *V4 Promotion: 2009 – an Important Anniversary in the Lives of V4 Countries*

DEADLINES: 15 February, 15 May
ANNUAL BUDGET: €300,000
IMPLEMENTATION: 12 – 36 months

WISEGRAD UNIVERSITY STUDIES GRANT (VUSG)

The Visegrad University Studies Grant is the youngest of all programs. It was established only in 2008 and had a single deadline so far (in February 2008).

The program aims at supporting the development and launch of outstanding **university courses** and **programs** which deal with specific phenomena related to the Visegrad Group countries. Two kinds of lump-sum contributions are available: **€15,000** for courses and **€50,000** for degree programs.

Any public or private university in the world is eligible for the grant; however, the organizers need to secure at least two **relevant guest lecturers** from two different V4 countries (other than that of the applicant).

DEADLINE: November 2009 (to be specified on the website)
ANNUAL BUDGET: €100,000 + (depending on the interest)

WISEGRAD SCHOLARSHIP PROGRAM

The Visegrad Scholarship Program started in 2003 with the aim of supporting scholarly exchange in the Visegrad Group countries. The program's first budget of about €250,000 awarded scholarships to 80 scholars. As of the 2009/2010 academic year, the budget exceeds **€1.5 million** and distributes **480 semesters** of scholarships to scholars from **17 countries** of Central and Eastern Europe, the Western Balkans and the South Caucasus.

"Visegrad scholarships" are unique in the freedom they offer to each scholar. As there is no list of applicable schools, scholars can choose to study at **any college or university** (or institute of given science academies) accredited by the respective education ministry of the given country. Funding is then allocated both to the scholar and the respective host university.

Within the three distinct schemes (see below), applicants can apply for both Master's and Post-Master's levels. All scholarships are available for 1 or 2 semesters, with the exception of Master's scholarships within the *In-Coming* scheme, which are offered for 1 to 4 semesters.

The schemes and applicable countries (applicable to both Master's and Post-Master's levels) follow:

INTRA-VISEGRAD SCHOLARSHIPS for scholars from V4 countries to study at universities in any V4 country other than those of their citizenship.

OUT-GOING SCHOLARSHIPS for V4 scholars to study at accredited universities in Albania, Armenia, Azerbaijan, Belarus, Bosnia and Herzegovina, Croatia, Georgia, Macedonia, Moldova, Montenegro, Serbia or Ukraine. The same rules apply to Kosovar universities.

IN-COMING SCHOLARSHIPS targeted at scholars from Albania, Armenia, Azerbaijan, Belarus*, Bosnia and Herzegovina, Croatia, Georgia, Macedonia, Moldova, Montenegro, the Russian Federation, Serbia and Ukraine* to study at any accredited university in V4 countries. The same rules apply to Kosovar scholars.

* Ukrainian scholarships and Belarusian scholarships (offering 128 and 80 semesters annually for scholars from Ukraine and Belarus respectively) are two separate sub-categories within the IN-COMING SCHOLARSHIP scheme.

DEADLINE: 31 January
ANNUAL BUDGET: €1,884,000

WISEGRAD ARTIST RESIDENCY PROGRAM (VARP)

The Visegrad Artist Residency Program is one of the Fund's youngest programs. Established only in 2007, the mission behind VARP has been to foster exchange of ideas and experiences in all forms of the arts in the region, through simple funding of artists in residence.

So far VARP has had only three rounds of deadlines and awarded altogether nearly 70 residencies.

The length of the residencies is **3 months**. They must be held in a V4 country other than that of the artist's citizenship and permanent residence. Each artist and host institution receive a flat monthly stipend of **€750**.

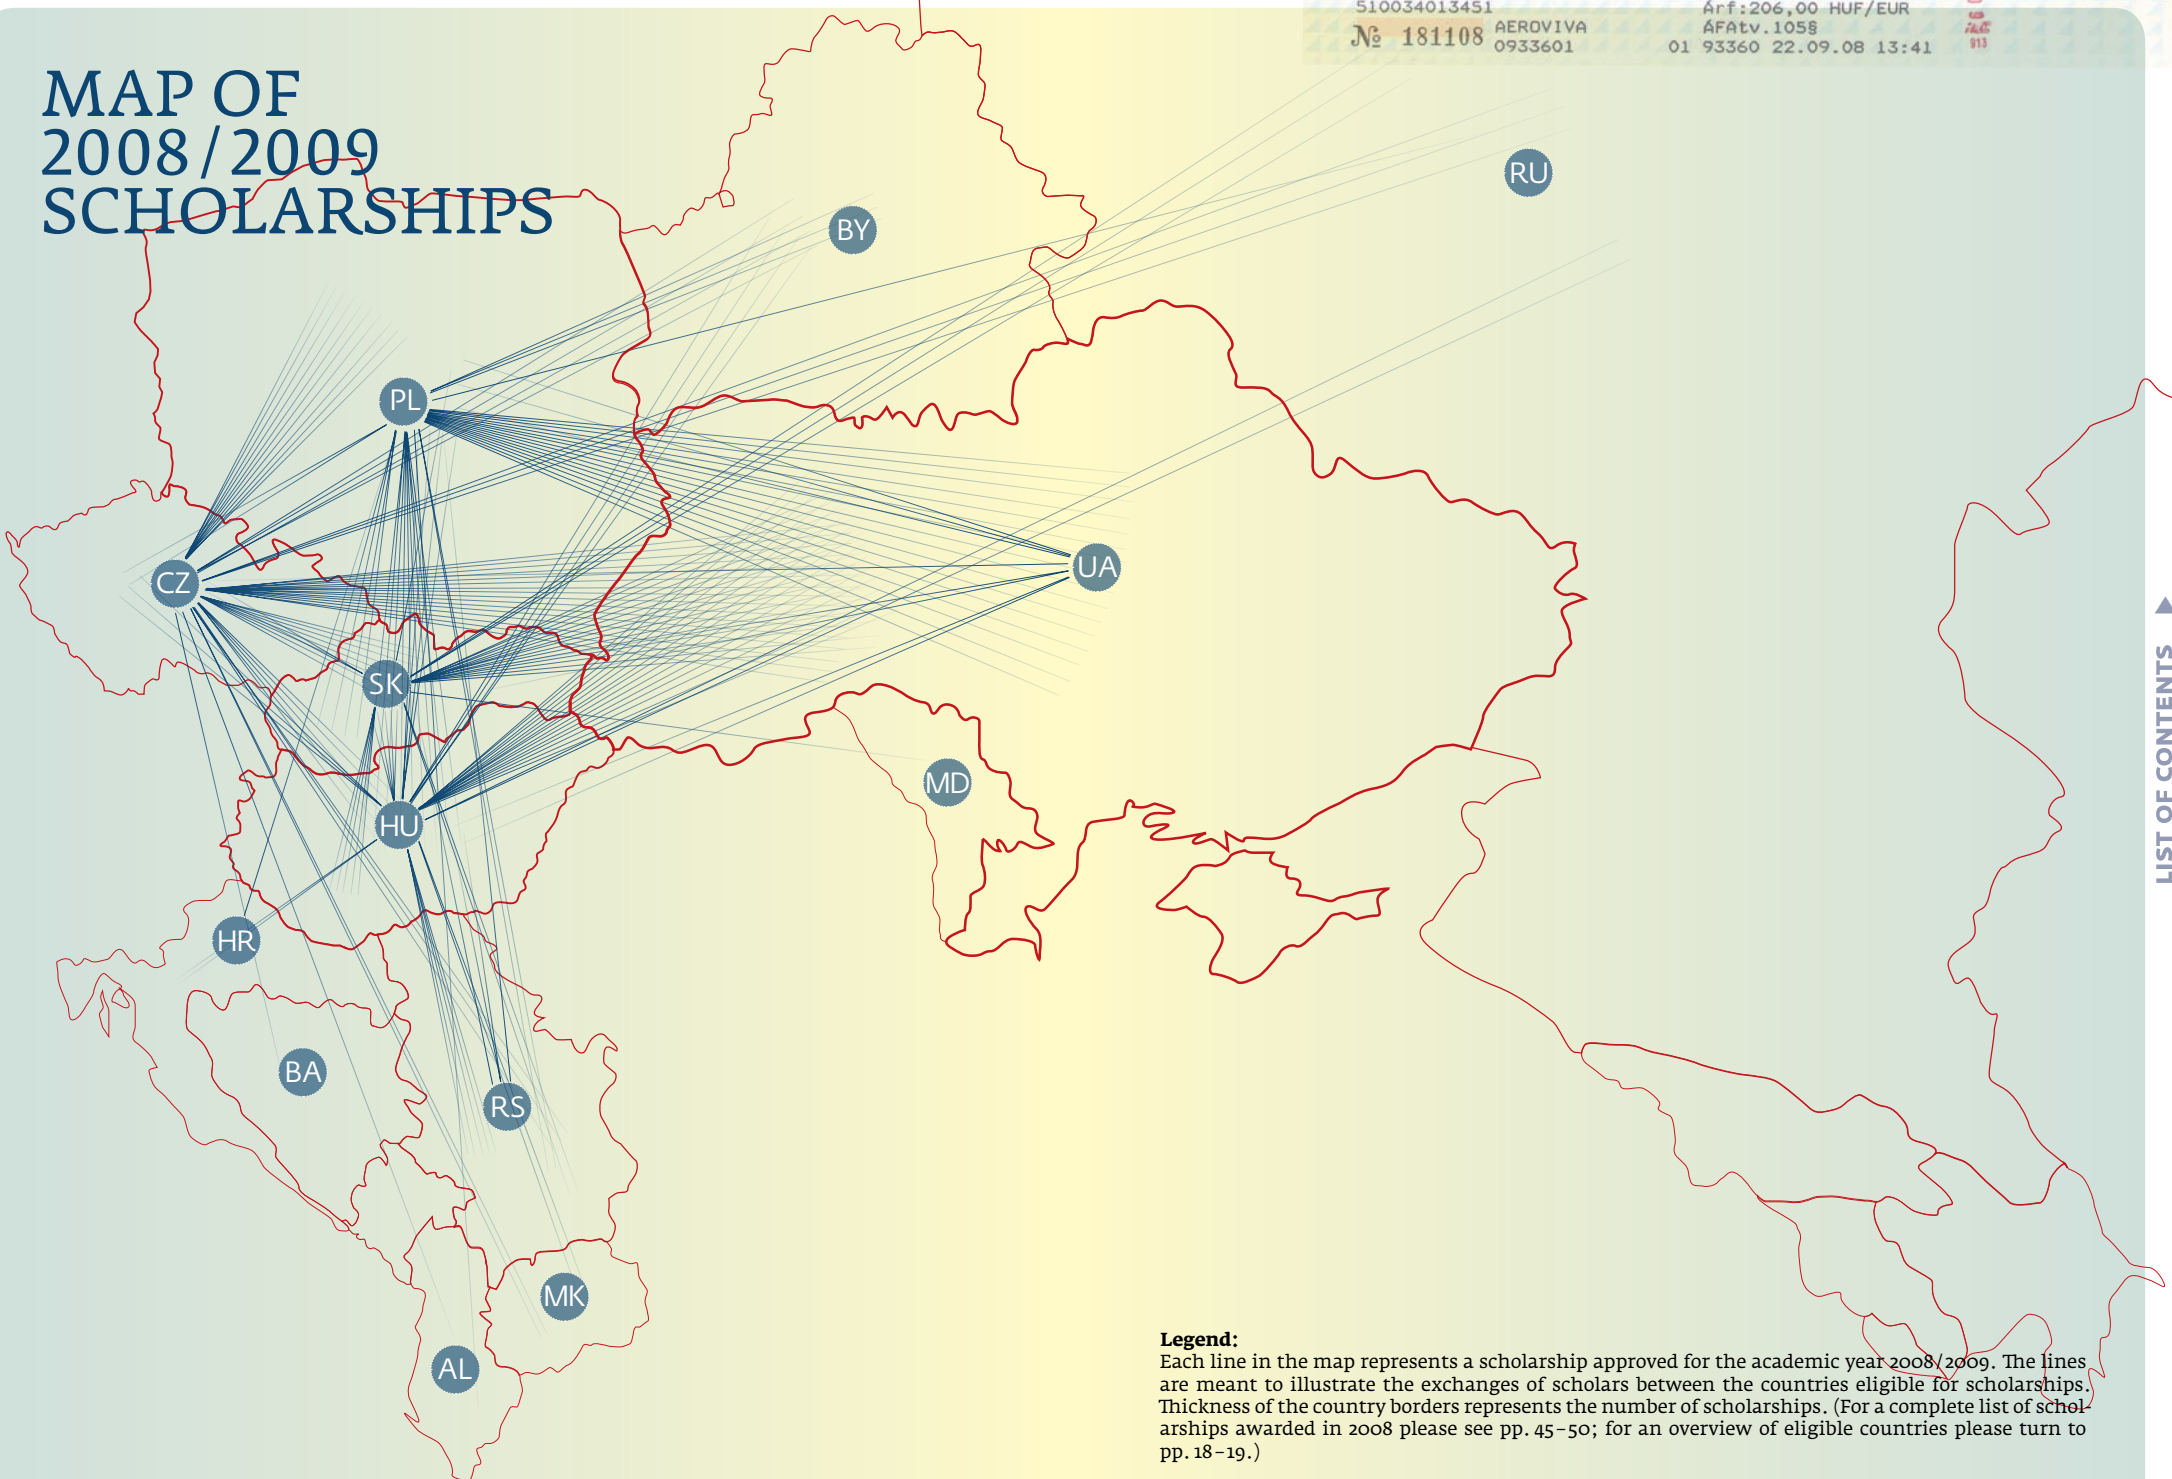

Applicants are screened by a panel of independent experts from different fields in the arts. The selection process is carried out on the basis of proportionality of representation of the four V4 countries.

DEADLINE: 10 September (the 2009 deadline applies to 2010 residencies)
ANNUAL BUDGET: €108,000

VISUAL IDENTITY OF THE INTERNATIONAL VISEGRAD FUND AND THE VISEGRAD GROUP

In 2005 the International Visegrad Fund launched a competition for a new logo of the Fund and a corresponding logo of the Visegrad Group. From more than 200 entries submitted to the Fund by students of graphic design from the Visegrad Group countries, the four-dot logotype was selected for its clarity, subtlety and wit. Lucia Kleinedlerová of the Bratislava-based Academy of Fine Arts and Design (VŠVU) is the author of the winning logos. Due to its original concept, the logo was awarded the 'Best of Nation' award by the European Logo Design Annual (Eulda) in 2007.

The logo of the Fund is available for download at <http://www.visegradfund.org/press.html>. Also, both the Fund's and the Group's logos are downloadable from the official portal of the Visegrad Group <http://www.visegradgroup.eu/main.php?folderid=1059>.
